

This Month On The Farm

Lawn Maintenance This Season

Maintaining a healthy lawn involves using good maintenance practices throughout the growing season. Proper mowing, fertilizing, irrigation and thatch control provide a dense, healthy, high-quality lawn.

Product Of The Month

SFS Pasture & Paddock Mix

Our SFS custom mix, designed with your paddocks in mind. A quick establishing, grass based blend. It features both drought and hoof tolerant species to maximize the green look of your paddocks while providing some fresh forage for our equine needs. Good for over seeding and new seeding. 25kg for \$190.00.

Sharpe Spotlight

Every month we will shine a spotlight on one of our Sharpe Specialists to give us important info regarding anything from animals, agronomy, and more.

Brendan Craig: Our Newest Addition

My name is Brendan Craig, and I am the newest member of the Sharpe's sales staff. I will be working out of the Guelph office, dealing mainly with crop sales. I graduated from OAC in August 2020, majoring in Crop, Hort and Turf sciences. I've spent the last several years working with Pioneer/Corteva's Winter Double Haploid Canola Breeding program. I hope to develop many new relationships within the industry as I begin my career with Sharpe's. In my free time, I enjoy playing sports – curling, hockey, baseball, golf and I even rock climb. I'm very grateful for this opportunity and I look forward to meeting everyone.
